

DEPARTMENT OF INFORMATION AND COMMUNICATION TECHNOLOGY
PROJECT 2 | SESSION: 2 2024/2025

COURSE CODE: DFT40163	COURSE NAME: WEB DESIGN TECHNOLOGY
CLO 1: Construct the HTML, CSS, JavaScript and jQuery in developing an interactive web page that can be published on web browser (P4, PLO 3)	
TOPIC : 4 - 5	
NAME :	REGISTRATION NO :
1. NORSYAFINA BINTI MOHD SAHAR 2. NUR IZZAH YASMIN BINTI MOHD SOFFIAN 3. AIMI DALINA BINTI AZMIZAM	1. 10DDT23F1046 2. 10DDT23F1027 3. 10DDT23F1032
CLASS :DDT4A	DURATION : 16 hours

CLO	MARKS
CLO 1P	/50
Total marks	/100

PROJECT 2: CHARITY & FUNDRAISING WEBSITE (ADVANCED DEVELOPMENT)

INTRODUCTION

Based on the website that has been produced in **Project 1 (Charity & Fundraising Website)**, you are required to enhance the website by applying **JavaScript and the Mobile Web Framework**. This project focuses on adding interactivity and responsiveness to improve user experience. (**CLO1, P4**)

Here is a list of features that need to be implemented on the website for **Project 2**:

QUESTIONS (CLO1, P4)

1. JavaScript Functionalities Implementation

Enhance the website by integrating JavaScript for interactivity. The following features must be included:

a) Conditional Statements

Implement a **donation eligibility check**. Example: If the donation amount is **below a minimum limit**, display an alert message.

b) Alert Method

Display an alert when users **successfully submit a contact form** or make a donation.

c) Form Validation

Validate the **donation form** to ensure that required fields (Name, Email, Amount, Payment Method) are filled before submission.

Validate the **Contact Us form** to check for missing or invalid input.

2. Website Interactivity Enhancements

a) **Dropdown Menus**

Implement a dropdown navigation menu for better accessibility on mobile devices.

b) **Slide Show Effects**

Add a **slideshow for fundraising campaigns** on the homepage to display different charity events dynamically.

d) **Date and Calendar Integration**

Include an **event calendar** to display upcoming charity events or volunteering schedules.

3. Mobile Web Framework Implementation

a) **Integrate JavaScript in HTML Files**

Organize JavaScript files separately and ensure proper linkage within HTML files.

b) **Optimize the Website for Mobile Viewing**

Apply a **mobile web framework (Bootstrap or similar)** to enhance responsiveness.

c) **Host All Files for WebApps Application**

Ensure all project files (HTML, CSS, JavaScript, images) are properly hosted in a structured folder for deployment.

d) **Implement WebApps Best Practices**

Ensure **efficient scripting** and **structured coding** to meet WebApps development requirements.

All the Best!

INFORMATION AND COMMUNICATION TECHNOLOGY DEPARTMENT
PROJECT 2 RUBRIC | SESSION: 2 2024/2025

COURSE CODE	DFT40163		COURSE NAME	WEB DESIGN TECHNOLOGY	
ASSESSMENT TASK	PROJECT 2		LECTURER'S NAME	PN. SHU HAILA BINTI MOHD YUSOF	
STUDENT'S NAME	1	NORSYAFINA BINTI MOHD SAHAR	REGISTRATION NUMBER	1	10DDT23F1046
	2	NUR IZZAH YASMIN BINTI MOHD SOFFIAN		2	10DDT23F1027
	3	AIMI DALINA BINTI AZMIZAM		3	10DDT23F1032
	4			4	

Criteria / Score	Excellent 4)	Good (3)	Satisfactory (2)	Needs Improvement (1)	Student's Score (out of 4)	Weight (%)	Marks (Score x Weight / 4)
A - JavaScript Functionalities Implementation							
Conditional Statements	Properly implemented with clear logic and correct functionality	Implemented correctly but minor logic issues	Basic implementation with errors	Attempted but incorrect output		40%	0
Alert Method	Alert works correctly in all required scenarios	Alerts implemented but minor errors	Alerts used but missing in some areas	Alerts attempted but do not function correctly			
Form Validation	Fully functional validation with all required checks	Validation works but missing minor elements	Basic validation but not fully effective	Attempted validation but errors exist			
Dropdown Menus	Fully functional and user-friendly dropdown menu	Dropdown implemented with minor issues	Basic dropdown but usability issues exist	Attempted dropdown but not functional			
Slide Show Effects	Smooth and dynamic slideshow	Slideshow present but minor performance issues	Slideshow implemented but static or slow	Attempted but not functional			
Date and Calendar Integration	Fully functional and interactive calendar	Calendar implemented but minor bugs	Calendar present but not interactive	Attempted but not working properly			
A					0		

B - Mobile Web Framework Implementation							
JavaScript Integration in HTML Files	Well-organized and properly linked JavaScript files	JavaScript linked with minor organization issues	JavaScript included but disorganized	JavaScript present but incorrect linking		30%	0
Website Optimization for Mobile Viewing	Fully responsive design with mobile framework applied	Responsive with minor display issues	Basic responsiveness but not fully optimized	Attempted responsiveness but errors exist			
WebApps Hosting & File Organization	All files correctly structured and hosted	Well-organized but minor hosting issues	Files hosted but some issues in structure	Attempted hosting but disorganized files			
WebApps Best Practices	Clean and efficient coding structure	Proper coding with minor inefficiencies	Some best practices followed but needs improvement	Attempted but not well-structured			
B					0		
C - Overall Web Design, Coding, Report/Documentation & Timely Submission: (20 marks)							
Layout & Navigation	Well-structured and intuitive navigation	Good navigation with minor improvements needed	Basic navigation but not fully user-friendly	Poor navigation structure		30%	0
Color Scheme & Typography	Professional and visually appealing design	Good color and typography with minor issues	Basic but acceptable design	Poor contrast or readability issues			
User Experience	Highly interactive and engaging	Good interactivity but minor issues	Basic usability but not fully optimized	Poor interactivity and engagement			
Use of Media (Images/Video): Quality & Relevance	High-quality and relevant images/videos	Good use of media with minor issues	Basic media usage but not fully relevant	Poor quality or unrelated media			
Code Readability	Clean, well-documented code with clear structure	Code is readable but minor inconsistencies	Basic readability but needs improvements	Poorly structured and difficult to read			

Code Efficiency	Code is optimized for performance and efficiency	Code is mostly optimized with minor inefficiencies	Code is functional but not optimized	Code runs but is inefficient		
Report/Documentation: Completeness & Clarity	Well-organized and detailed report	Good documentation with minor missing details	Basic report but missing some key points	Poorly written or incomplete report		
Submission Time	Submitted on time	Submitted 1 day late	Submitted 2 days late	More than 2 days late		
C					0	
TOTAL SCORE (100M) A + B + C						0

Note:

If any required section or task outlined in Project 2 is missing or incomplete, a score of **ZERO** will be given for that specific section, regardless of the rubric criteria. Ensure all sections are fully completed to be eligible for grading.

About us

Our campaign

Get involved

Validation for name in form contact us

The screenshot shows a web browser window with the title "Contact Us" and the URL "finasahar.github.io/charityfundraisingunicef/#contact". The page has a green header with the text "Contact Us". Below the header is a form with the following fields:

- Full Name:** A text input field that is empty. A validation error message "Please fill out this field." is displayed above the field.
- Email Address:** A text input field containing the email address "syafinasahar@gmail.com".
- Subject:** A text input field containing the text "hello".
- Message:** A text area containing the text "I want join community".

Below the form fields is a green button labeled "Send Message". At the bottom of the page is a green footer with the text "© 2025 Charity & Fundraising UNICEF".

Validation for email

A screenshot of a web browser window titled 'Contact Us'. The address bar shows the file path: `C:/Users/Norsyafina~Sahar/Downloads/CharityFundraisingApp/inde...`. The form contains the following fields:

- Full Name:** A text input field containing 'syafina'.
- Email Address:** A text input field containing 'syafinasahar@gmail.com'.
- Subject:** An empty text input field.
- Message:** A text area containing 'hello I want join this community'.

A green 'Send Message' button is located at the bottom of the form. A validation error message is displayed over the 'Subject' field: 'Please fill out this field.'.

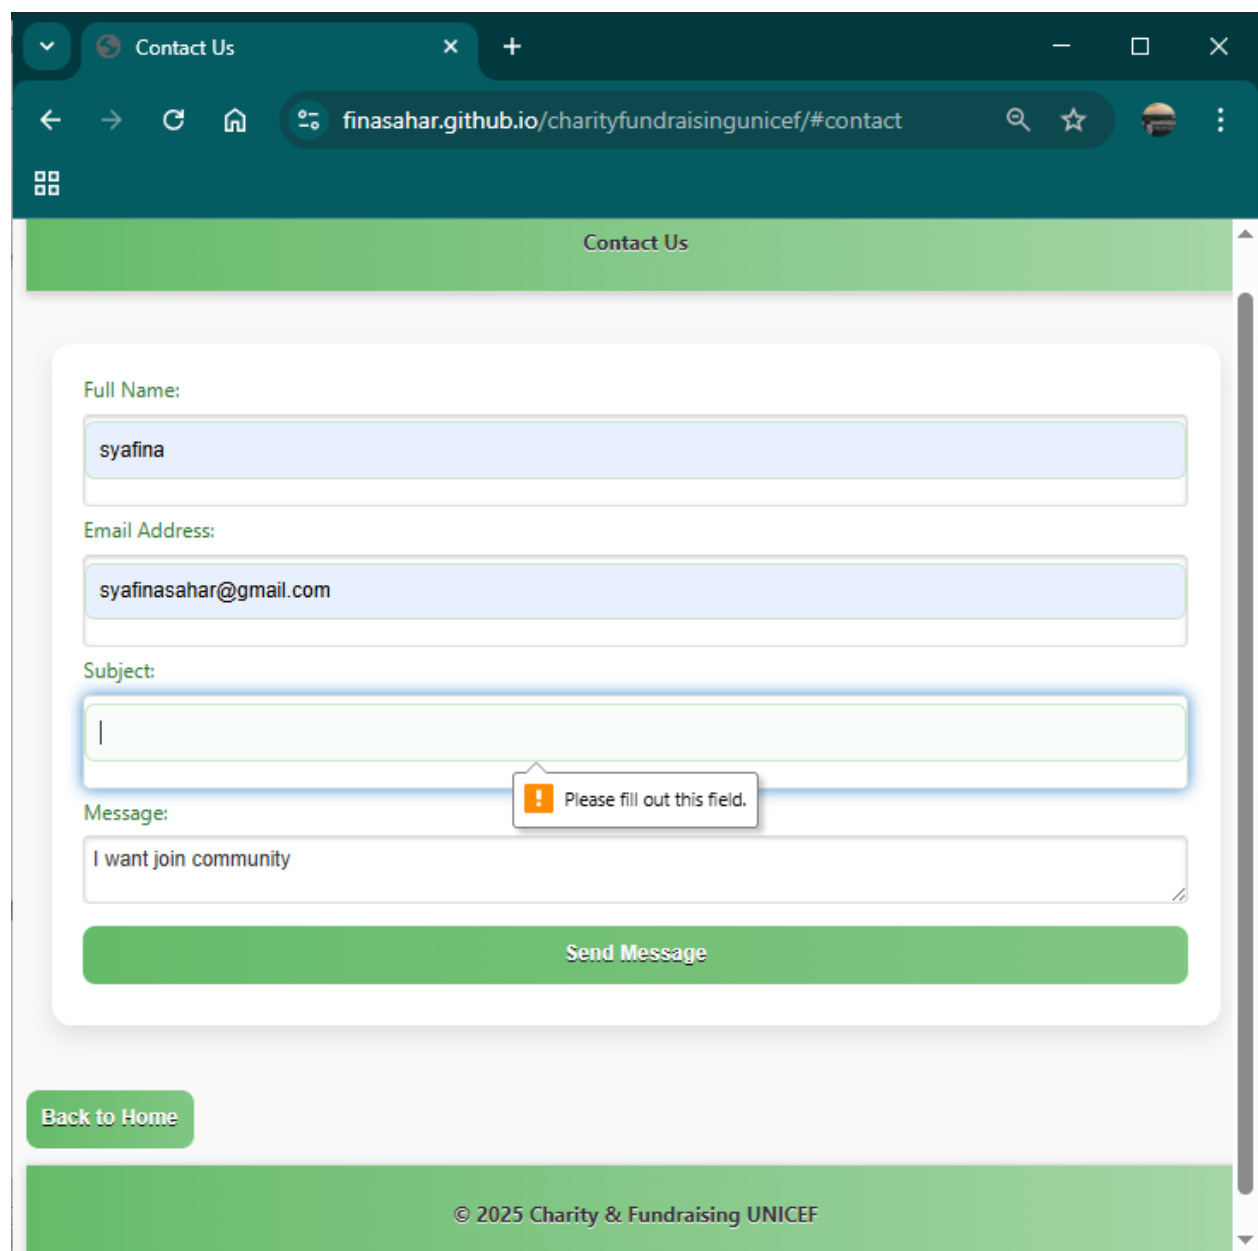

Email Address:

syafinasahar|

Subject:

Please include an '@' in the email address. 'syafinasahar' is missing an '@'.

Validation for subject

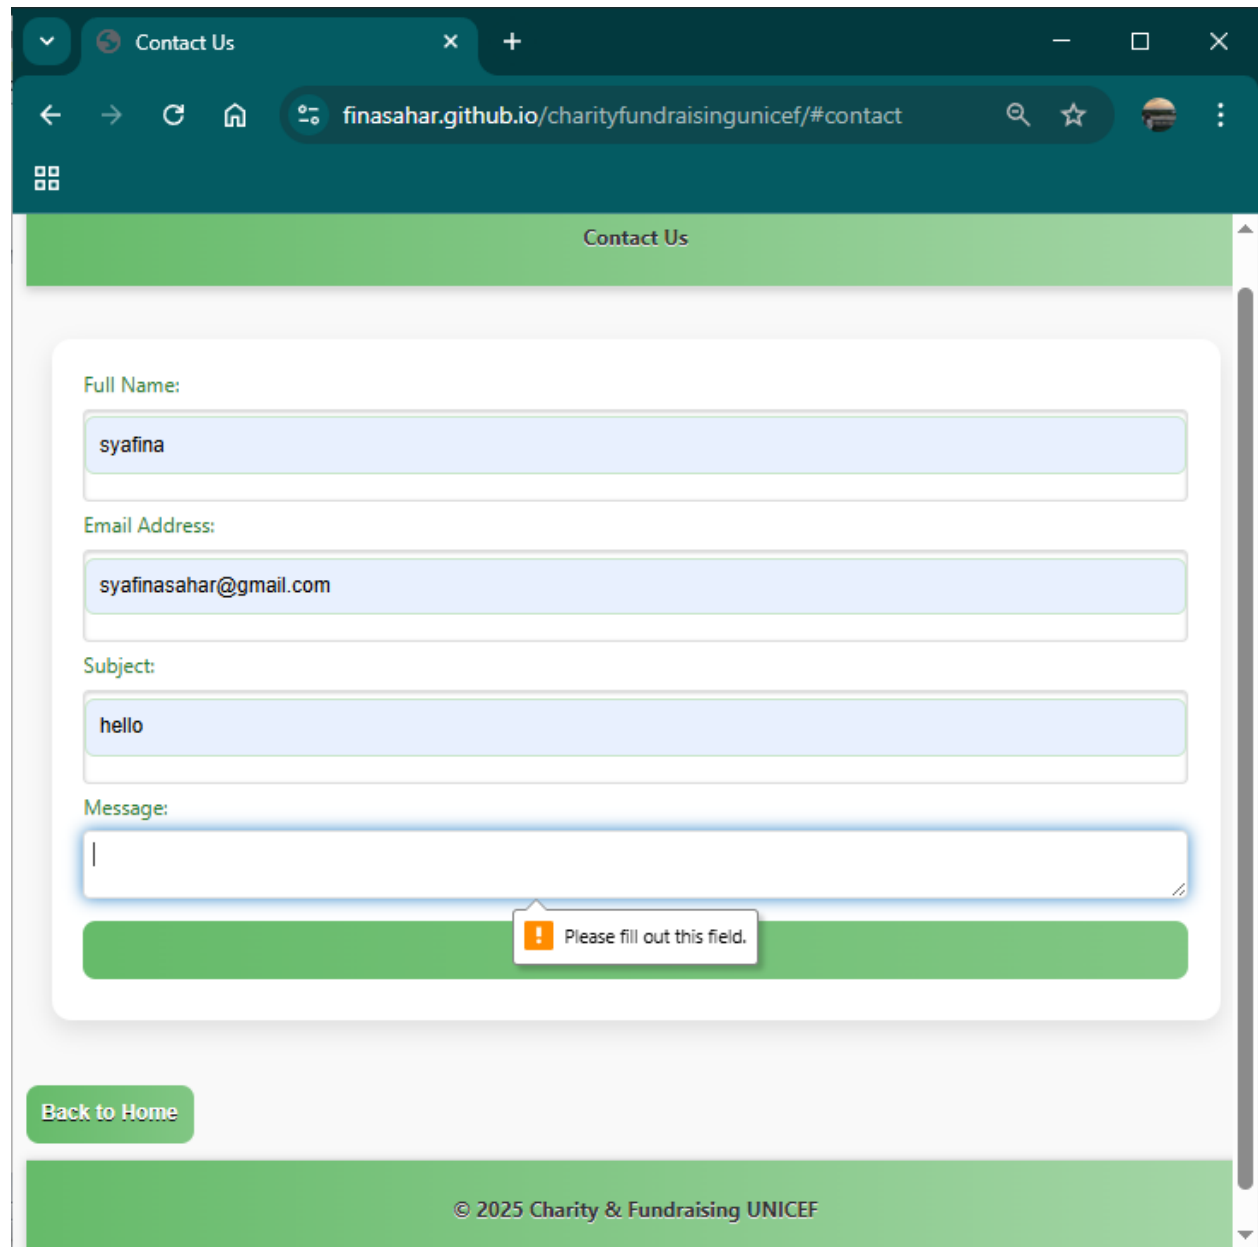

The screenshot shows a web browser window with the title "Contact Us" and the URL "finasahar.github.io/charityfundraisingunicef/#contact". The page has a green header and footer. The main content area contains a contact form with the following fields:

- Full Name:** A text input field containing "syafina".
- Email Address:** A text input field containing "syafinasahar@gmail.com".
- Subject:** A text input field that is empty. A red border and a tooltip with an exclamation mark icon and the text "Please fill out this field." are visible over this field.
- Message:** A text area containing "I want join community".

Below the form is a green "Send Message" button. At the bottom left is a green "Back to Home" button. The footer contains the text "© 2025 Charity & Fundraising UNICEF".

Validation for message

The screenshot shows a web browser window with the title "Contact Us" and the URL "finasahar.github.io/charityfundraisingunicef/#contact". The browser's address bar includes navigation icons (back, forward, refresh, home) and search, star, and menu icons. The page has a green header with the text "Contact Us". Below the header is a form with four input fields: "Full Name:", "Email Address:", "Subject:", and "Message:". The "Full Name:" field contains "syafina", the "Email Address:" field contains "syafinasahar@gmail.com", and the "Subject:" field contains "hello". The "Message:" field is empty. A green button labeled "Back to Home" is located below the form. A green footer contains the text "© 2025 Charity & Fundraising UNICEF". A validation error message, "Please fill out this field.", is displayed in a white box with an orange exclamation mark icon, pointing to the empty "Message:" field.

Contact Us

Full Name:

syafina

Email Address:

syafinasahar@gmail.com

Subject:

hello

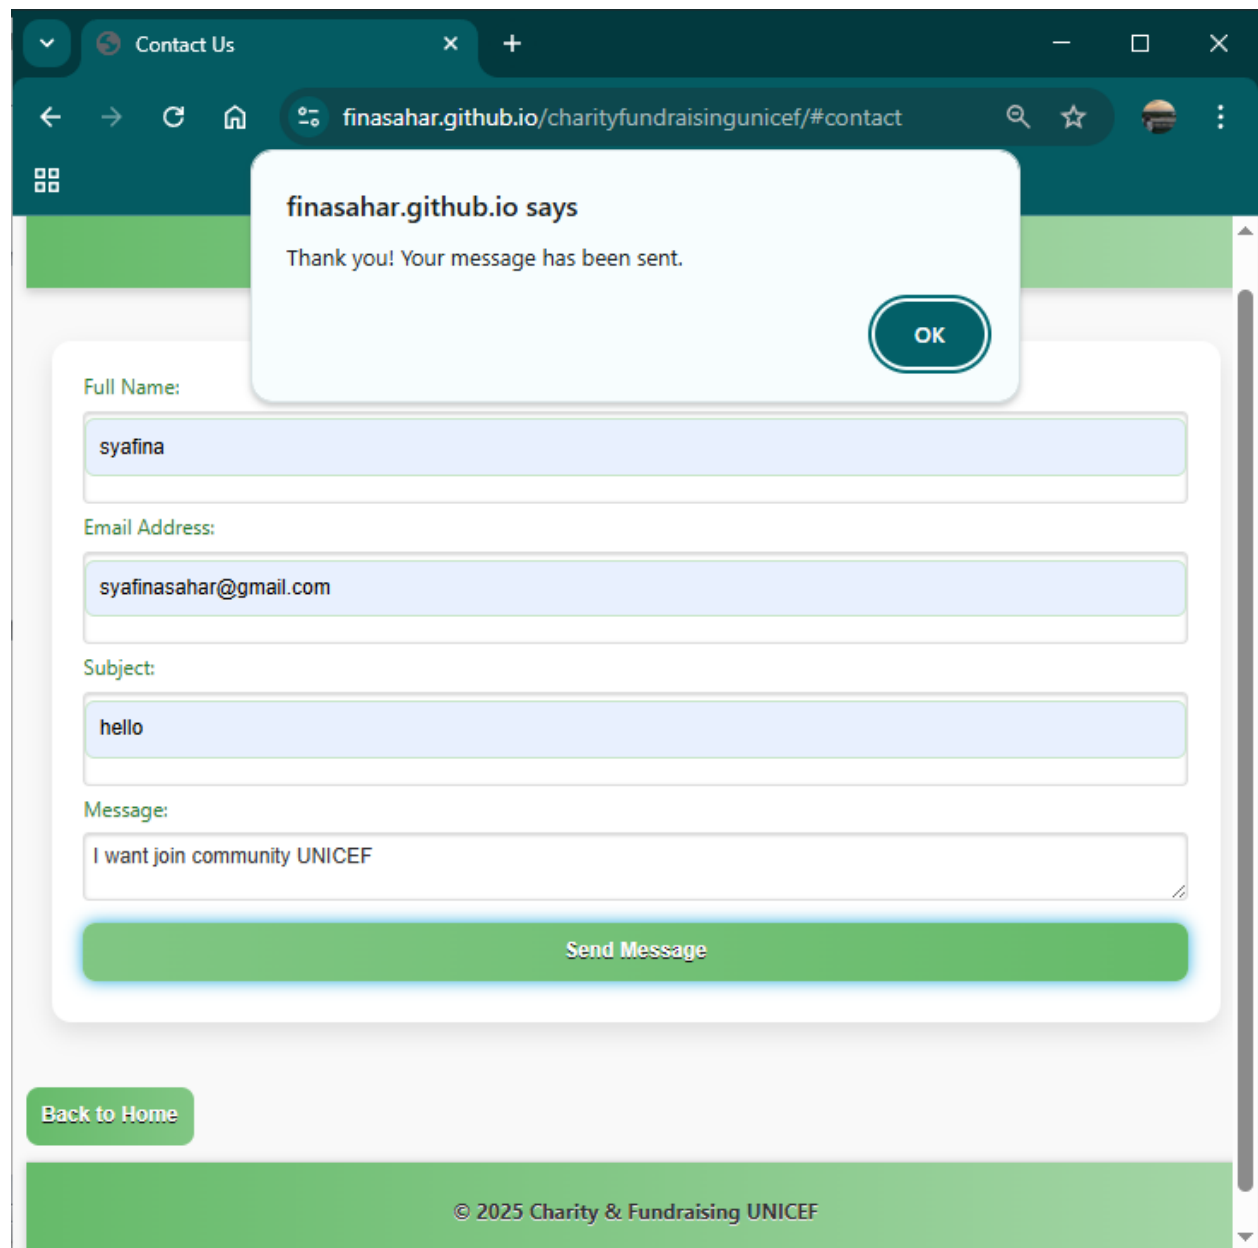

Message:

Please fill out this field.

Back to Home

© 2025 Charity & Fundraising UNICEF

Message box display after send message

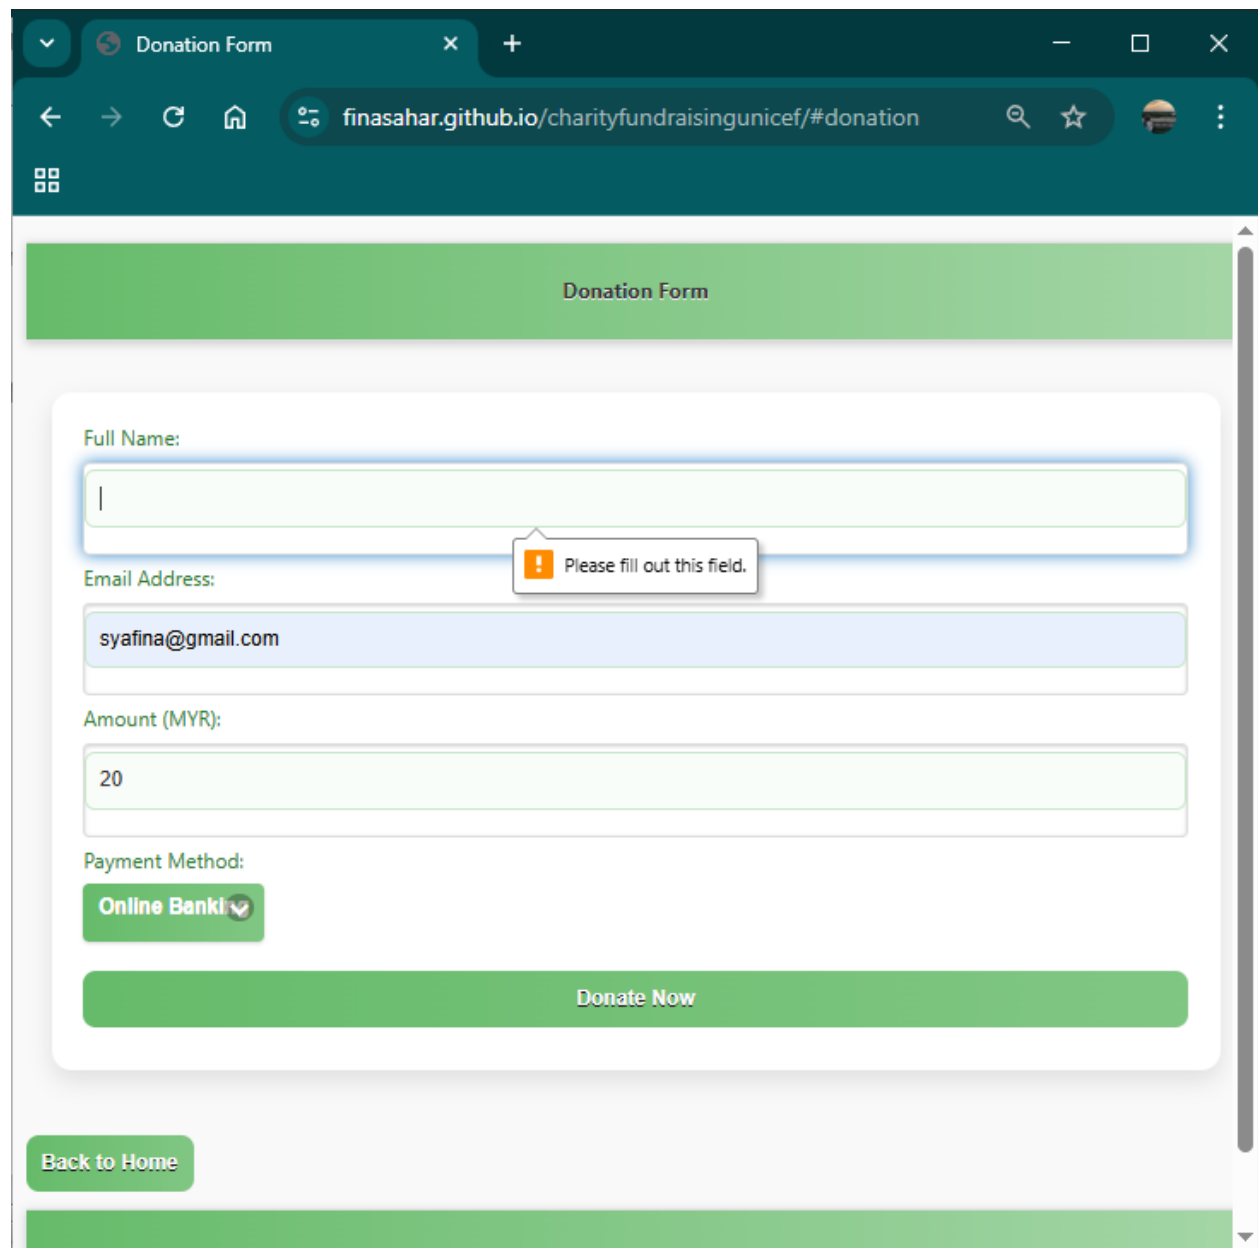

The screenshot shows a web browser window with the address bar displaying `finasahar.github.io/charityfundraisingunicef/#contact`. The browser's tab is titled "Contact Us". A light blue modal message box is centered on the screen, displaying the text "finasahar.github.io says" and "Thank you! Your message has been sent." with an "OK" button. Below the message box is a contact form with the following fields:

- Full Name:** A text input field containing the value "syafina".
- Email Address:** A text input field containing the value "syafinasahar@gmail.com".
- Subject:** A text input field containing the value "hello".
- Message:** A text area containing the value "I want join community UNICEF".

Below the form fields is a green button labeled "Send Message". At the bottom of the page, there is a green button labeled "Back to Home" and a footer bar with the text "© 2025 Charity & Fundraising UNICEF".

Validation for name in form donation

The screenshot shows a web browser window with the title "Donation Form" and the URL "finasahar.github.io/charityfundraisingunicef/#donation". The form is titled "Donation Form" and contains the following fields:

- Full Name:** A text input field that is currently empty. A validation error message, "Please fill out this field.", is displayed above the field.
- Email Address:** A text input field containing the email address "syafina@gmail.com".
- Amount (MYR):** A text input field containing the value "20".
- Payment Method:** A dropdown menu with "Online Bank" selected.

Below the form fields is a green button labeled "Donate Now". At the bottom of the page, there is a green button labeled "Back to Home" and a green footer bar with the text "© 2025 Finasahar. All rights reserved. UNICEF".

Validation for email

The screenshot shows a web browser window with the title "Donation Form" and the URL "finasahar.github.io/charityfundraisingunicef/#donation". The form is titled "Donation Form" and contains the following fields:

- Full Name:** A text input field containing the text "fina".
- Email Address:** A text input field containing the text "syafina". A validation error message is displayed below the field: "Please include an '@' in the email address, 'syafina' is missing an '@'".
- Amount (MYR):** A text input field containing the text "20".
- Payment Method:** A radio button labeled "Online Bank" is selected.

Below the form is a green button labeled "Donate Now". At the bottom of the page is a green button labeled "Back to Home".

This is a close-up of the "Email Address" field from the previous screenshot. The input field contains the text "syafina". A validation error message is displayed below the field: "Please include an '@' in the email address, 'syafina' is missing an '@'".

Message box display for limit amount for donation

The screenshot shows a web browser window with a single tab titled "Donation Form". The address bar displays the URL `finasahar.github.io/charityfundraisingunicef/#donation`. A modal message box is centered on the screen, displaying the text "finasahar.github.io says" and "Minimum donation is RM20.", with an "OK" button. The background donation form includes the following fields and elements:

- Full Name:** A text input field containing the value "fina".
- Email Address:** A text input field containing the value "syafina@gmail.com".
- Amount (MYR):** A text input field containing the value "5".
- Payment Method:** A dropdown menu with "Credit Card" selected.
- Donate Now:** A large green button.
- Back to Home:** A green button located at the bottom left of the form area.
- Footer:** A green bar at the bottom of the page containing the text "© 2025 Charity & Fundraising UNICEF".

Validation for selection payment method

The screenshot shows a web browser window with the title "Donation Form" and the URL "finasahar.github.io/charityfundraisingunicef/#donation". The form is titled "Donation Form" and contains the following fields:

- Full Name:** A text input field containing "fina".
- Email Address:** A text input field containing "syafina@gmail.com".
- Amount (MYR):** A text input field containing "5".
- Payment Method:** A dropdown menu with the placeholder text "--Select--".

A validation error message is displayed in a white box with an orange exclamation mark icon, stating: "Please select an item in the list." This message is positioned below the Payment Method dropdown.

Below the form fields is a green button labeled "Donate Now". At the bottom of the page, there is a green button labeled "Back to Home" and a green footer bar containing the text "© 2025 Charity & Fundraising UNICEF".

Message box display after make payment

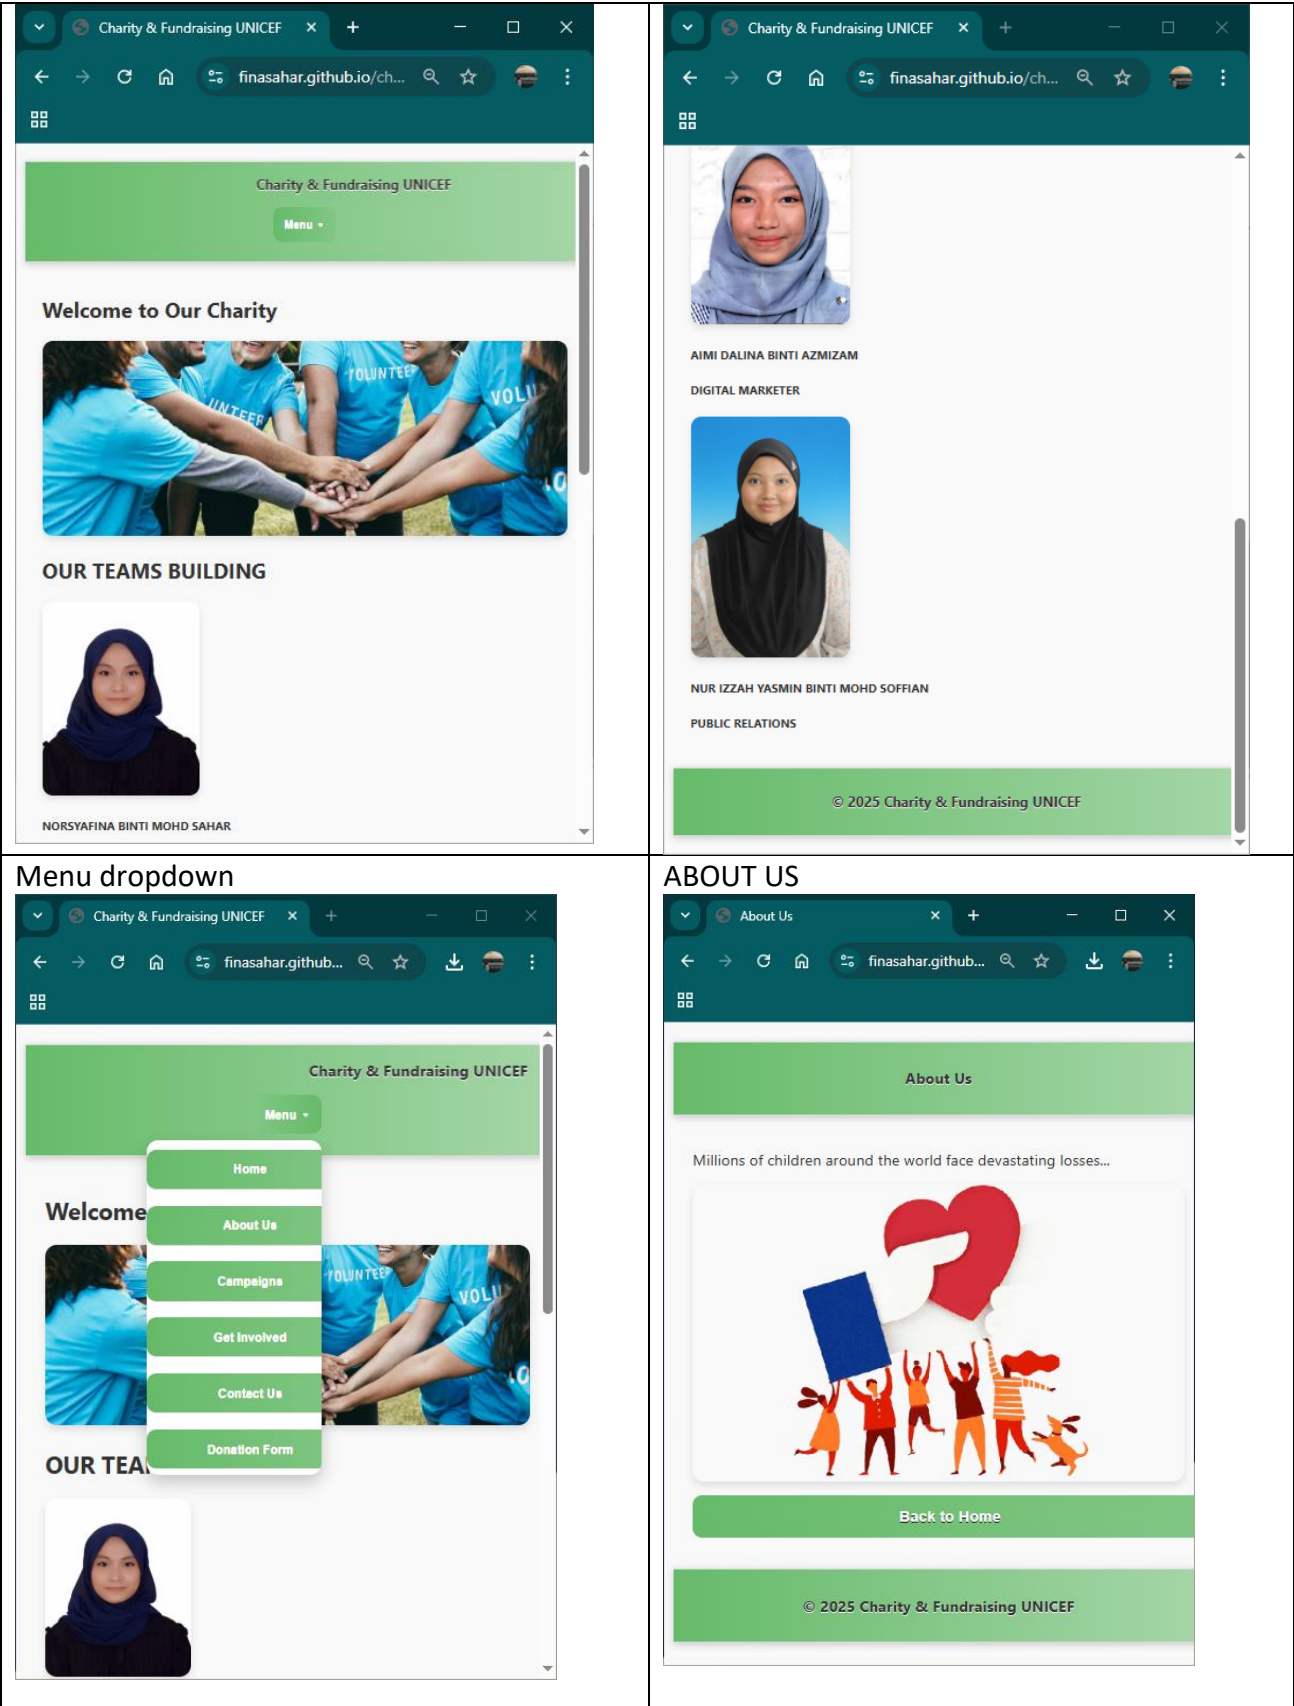

The screenshot shows a web browser window with a tab titled "Donation Form". The address bar displays the URL `finasahar.github.io/charityfundraisingunicef/#donation`. A light blue modal message box is centered on the screen, displaying the text "finasahar.github.io says" and "Thank you for your donation!" with an "OK" button. Below the message box is a donation form with the following fields:

- Full Name:** A text input field containing the text "fina".
- Email Address:** A text input field containing the text "syafina@gmail.com".
- Amount (MYR):** A text input field containing the text "26".
- Payment Method:** A dropdown menu with "Online Bank" selected.

Below the form fields is a large green button labeled "Donate Now". At the bottom left of the page is a green button labeled "Back to Home". The footer of the page contains the text "© 2025 Charity & Fundraising UNICEF".

Validation for subject

The screenshot shows a web browser window with the URL 'finasahar.github.io'. The page title is 'Contact Us'. The form contains the following fields: Full Name (filled with 'syafina'), Email Address (filled with 'syafinasahar@gmail.com'), Subject (empty), and Message (filled with 'MESSAGE'). A green 'Send Message' button is at the bottom. A red tooltip with an exclamation mark icon and the text 'Please fill out this field.' is pointing to the empty Subject field. A 'Back to Home' button is at the bottom left.

Validation for message

The screenshot shows the same 'Contact Us' form, but now the Subject field is filled with 'hello' and the Message field is empty. A red tooltip with an exclamation mark icon and the text 'Please fill out this field.' is pointing to the empty Message field. The 'Back to Home' button and footer are also visible.

Message box display after send message

The screenshot shows the 'Contact Us' form after a successful submission. A white message box with a green border is displayed at the top, containing the text 'finasahar.github.io says Thank you! Your message has been sent.' and an 'OK' button. The form fields are now filled: Full Name ('syafina'), Email Address ('syafinasahar@gmail.com'), Subject ('hello'), and Message ('Need join this community'). The 'Send Message' button is still visible at the bottom, along with the 'Back to Home' button and footer.

DONATION FORM

The screenshot shows a web browser window with the URL 'finasahar.github.io'. The page title is 'Donation Form'. The form contains the following fields: Full Name (empty), Email Address (empty), Amount (MYR) (empty), and Payment Method (a dropdown menu showing '--Select--'). A green 'Donate Now' button is at the bottom. A 'Back to Home' button is at the bottom left. The footer text '© 2025 Charity & Fundraising UNICEF' is visible at the bottom.

Validation for name

The screenshot shows a web browser window with the address bar displaying 'finasahar.github...'. The page title is 'Donation Form'. The form contains the following fields and elements:

- Full Name:** A text input field with a validation error message: 'Please fill out this field.'
- Email Address:** A text input field containing 'syafina@gmail.com'.
- Amount (MYR):** A text input field containing '20'.
- Payment Method:** A dropdown menu with 'Credit Card' selected.
- Donate Now:** A green button.
- Back to Home:** A green button.
- Footer:** '© 2025 Charity & Fundraising UNICEF'.

Validation for email

The screenshot shows a web browser window with the address bar displaying 'finasahar.github...'. The page title is 'Donation Form'. The form contains the following fields and elements:

- Full Name:** A text input field containing 'fina'.
- Email Address:** A text input field containing 'syafina'.
- Amount (MYR):** A text input field containing '20'.
- Payment Method:** A dropdown menu with 'Credit Card' selected.
- Donate Now:** A green button.
- Back to Home:** A green button.
- Footer:** '© 2025 Charity & Fundraising UNICEF'.

Validation messages are displayed for both the 'Full Name' and 'Email Address' fields:

- Full Name:** 'Please fill out this field.'
- Email Address:** 'Please include an '@' in the email address. 'syafina' is missing an '@'.'

The screenshot shows a web browser window with the address bar displaying 'finasahar.github...'. The page title is 'Donation Form'. The form contains the following fields and elements:

- Full Name:** A text input field containing 'fina'.
- Email Address:** A text input field with a validation error message: 'Please fill out this field.'
- Amount (MYR):** A text input field containing '20'.
- Payment Method:** A dropdown menu with 'Credit Card' selected.
- Donate Now:** A green button.
- Back to Home:** A green button.
- Footer:** '© 2025 Charity & Fundraising UNICEF'.

Validation for amount

The screenshot shows a web browser window with the URL 'finasahar.github.io'. The page title is 'Donation Form'. The form contains the following fields and elements:

- Full Name:** A text input field containing 'fina'.
- Email Address:** A text input field containing 'syafina@gmail.com'.
- Amount (MYR):** A text input field that is empty. A red error message bubble is displayed above it, stating 'Please fill out this field.'.
- Payment Method:** A dropdown menu with 'Credit Card' selected.
- Donate Now:** A green button.
- Back to Home:** A green button.
- Footer:** A green bar with the text '© 2025 Charity & Fundraising UNICEF'.

Message box display limit amount

The screenshot shows the same Donation Form as the previous one, but with a message box displayed. The message box is titled 'finasahar.github.io says' and contains the text 'Minimum donation is RM20.' with an 'OK' button. The form fields are as follows:

- Full Name:** 'fina'.
- Email Address:** 'syafina@gmail.com'.
- Amount (MYR):** '5'.
- Payment Method:** 'Credit Card'.
- Donate Now:** A green button.
- Back to Home:** A green button.
- Footer:** '© 2025 Charity & Fundraising UNICEF'.

Validation for payment method

The screenshot shows the same Donation Form as the previous one, but with a message box displayed. The message box is titled 'finasahar.github.io says' and contains the text 'Thank you for your donation!' with an 'OK' button. The form fields are as follows:

- Full Name:** 'fina'.
- Email Address:** 'syafina@gmail.com'.
- Amount (MYR):** '20'.
- Payment Method:** A dropdown menu with '--Select--' selected.
- Donate Now:** A green button.
- Back to Home:** A green button.
- Footer:** '© 2025 Charity & Fundraising UNICEF'.

Message box display after make payment

The screenshot shows the same Donation Form as the previous one, but with a message box displayed. The message box is titled 'finasahar.github.io says' and contains the text 'Thank you for your donation!' with an 'OK' button. The form fields are as follows:

- Full Name:** 'fina'.
- Email Address:** 'syafina@gmail.com'.
- Amount (MYR):** '20'.
- Payment Method:** 'Credit Card'.
- Donate Now:** A green button.
- Back to Home:** A green button.
- Footer:** '© 2025 Charity & Fundraising UNICEF'.
